Profile

I'm a 3rd-year Computer Science student at Saveetha School of Engineering, with hands-on experience in full-stack development, data science, and AI. I enjoy building real-world web applications, analyzing data to solve problems, and experimenting with intelligent systems. I'm currently seeking internship opportunities where I can deepen my skills, contribute to impactful projects, and grow as a developer

Project Experience

Fullstack Development

- E-commerce Web App
- Netflix Clone
- Movie Review Application
- To-do List with Firebase

Artificial Intelligence

- My AI Chatbot

Machine Learning

- House Price Prediction (Supervised Learning)
- Customer Segmentation (Unsupervised Learning)

Skills & Abilities
